* Field Office Notes:

The dates to be used in this extension form are limited and refer to the date that the original grant agreement was signed by HUD and the grantee. The term of the grant agreement is covered at 24 CFR - 574.540 in establishing up to a three-year use period for this grant. The expiration date is the date that is three years from the date of the signing of the original grant agreement date (or three years from the project start date that was agreed to in the original grant agreement that may be up to four months later than the signing date). Consistent with OMB-circulars, the additional period can only run up to one additional year from this original expiration date. Importantly, extensions must be approved before the original expiration date occurs.
